

2022 (CATALOG)

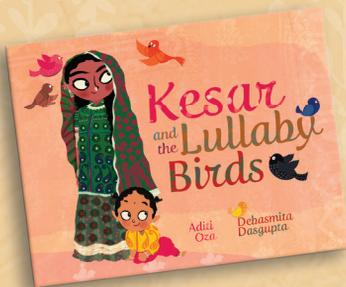

Yali Books is *opening a window to South Asia* through high-quality fiction titles for young readers ages 4-16. Recognized by the American Library Association, National Council for the Social Studies, and South Asia National Outreach Consortium, our books make wonderful additions to home, classroom, and library collections.

We aim to reflect and validate the experiences of people of color, particularly those of South Asian descent, through relatable and inspiring stories based on their lives. To this end, we actively seek out and mentor underrepresented voices in writing and illustration to craft authentic narratives.

NEW IN 2022

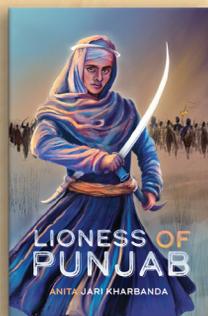

“...the bright colors, intricate patterns, and delicate details of Indian attire and architecture are standout features.”
